

## Food Safety Modernization Act (FSMA) & Food & Drug Administration (FDA) Resources

### Useful Websites –

The Food Modernization Act is the first comprehensive update to federal food safety laws since 1938. The intent is to prevent, detect and respond to food safety problems, and increase the safety of imported foods.

**FDA Food Safety Modernization Act:** Sign up for email updates on new resources posted on the Animal and Veterinarian section of the FDA website. Find information on the rules, implementation activities, and resources. <http://www.fda.gov/Food/GuidanceRegulation/FSMA/ucm361902.htm>

**FDA TAN (Technical Assistance Network):** The FDA TAN will track and address questions on the Food Safety Modernization Act (FSMA). The network is available to industry, regulators, academia, consumers and others with questions.

<http://www.fda.gov/Food/GuidanceRegulation/FSMA/ucm459719.htm>

**FDA FSMA Fact Sheets and Presentations:** Find FDA presentations and webinars on the final rules for preventive controls for human and animal food. Find out who's covered, the definition of a farm, information on significant provisions and more.

<http://www.fda.gov/Food/GuidanceRegulation/FSMA/ucm247546.htm>

**FDA FSMA Fact Sheet & Final Rule for Preventive Controls for Human Food**

The FDA Preventive Control for Human Food Rule is now final and compliance dates for some businesses begin in September 2016.
