Specialty Crop Grant Program

The Specialty Crop Block Grant Program-Farm Bill (SCBGP-FB)

The Washington State Department of Agriculture receives grants each year from the United States Department of Agriculture to enhance the competitiveness of specialty crops in Washington.

Specialty Crops include most fruits, vegetables, culinary and medicinal herbs, tree nuts, and nursery, floriculture and horticulture crops.

General Eligibility

- ✓ Funds must be used for activities that solely impact specialty crops
- ✓ Projects must benefit multiple beneficiaries

How to Apply

The application process, schedule and requirements vary each year. Interested parties are encouraged to contact WSDA for more information.
